Dear LSA Families,

January 4th through 17th, LSA will be identifying its enrollment needs for the 2022/2023 school year. In order to determine the number of new students we can enroll for next year; we must first determine how many of our current students plan to return and if any new siblings need to be added to the roster.

We know that plans and situations change continually – and with that comes the need to adjust school enrollment. If you are not sure of your enrollment plans, please share that with us. If you are definite that you will **not** be attending LSA next year, please share that also – there is never animosity with families who choose not to continue attending the school. Knowing your current enrollment intentions will help us accept the correct number of new students, and not turn away potential enrollees.

Please complete the re-enrollment form as accurately as possible and return to LSA by January 17th. Alternatively, you may complete the re-enrollment form on our website www.lakesuperioracademy.com under the Enroll tab. We appreciate your help in managing our student enrollment plans.

_____ I plan to re-enroll _____ at LSA for the 2022/2023 school year.

_____ I do not know our 2022/2023 school enrollment plans at this time for _____.

_____ I will not be re-enrolling _____ at LSA for the 2022/2023 school year.

Sibling Information:

I have a sibling interested in enrollment at LSA for 22/23.

Name: _____ Grade Entering: _____

Please return to LSA no later than January 17, 2022. If a re-enrollment form is not received by 1/17/22, **your child will not be automatically re-enrolled** for the new school year and will need to follow the procedure for *new* student enrollment for the 2022/2023 school year.
